

Dear Veterans

Those of us who have not served will never fully understand the sacrifices you've made both in times of peace and of war.

We will never fully understand what you were required to do or how you were able to do it.

We will never fully understand the depth of your scars.

But what we can offer you is this:

We see you.

We recognize your humanity.

And we send you love that is gentle, patient and healing.

With Blessings and Gratitude, we ask that you remember you are loved.

Thank you for your service

Thank You For Your Sacrifice

Help given is a wonderful thing.

Giving of your time is quite suitable.

Giving your money, unselfishness showing.

Laboring to clean this world is also very noble.

Yet there is one type of person that stands out

The one that says I will go at the drop of a ball.

Not asking why or where on the commanded shout,

But, stands ready and willing to heed the call.

These are the ones that protect our freedom.

That give us a security that not many know.

They leave families not sure when they will see them.

They sign their name not knowing where they will go.

Our armed forces are the elite of humanity.

They serve not only the US but humankind.

Some giving their life, some their sanity.

All to protect the ones they leave behind.

So I say THANK YOU to the families of the graves now visited.

For the time you have given and family memories lost.

I say THANK YOU, to each veteran and those now enlisted.

For you go even though some have and will pay the ultimate cost.
